## Welcome to the fourth annual BraveMaker Film Fest, our second in person.

Welcome to the fourth annual BraveMaker Film Fest, only our second in person. After two years of only screening online we are so grateful to be back. Our (amazing) team (pictured above) is made up of filmmakers, actors, dancers, justice advocates and makers of all kinds. We love film (just like you) and we love supporting those who make films because we know how hard (and important) it is to make a film. If you are moved in some way over the next four days, share it with your friends. Take photos, tag us and help us celebrate the brave storytellers who are inspiring and impacting culture with their creative work. Thank you for supporting brave stories! BraveMaker is a 501c3 nonprofit organization and our efforts are only possible through our sponsors and individual donors. We currently have 22 people who give monthly. Please consider becoming a tax deductible donor at [BraveMaker.com/donate](http://BraveMaker.com/donate) or text the word "BraveMaker" to 44-321. I hope during your time at the BraveMaker Film Fest you make connections, make friends and make a difference with your own story. Get some coffee or Boba tea here in our city. Enjoy some of our great restaurants. Share what you're learning, frustrated by or motivated to take action upon. Brave stories change the world. You are the story.

Brave Stories Change the World. You are the Story.
